## **Join IMCBS Today!**

Every once in a while an opportunity pops up that makes perfect sense. Several of our society members have said they get tired of paying society dues every year. They have asked if it is possible to make a one time payment for a lifetime membership. Now there's a great concept - a Lifetime Membership. We have polled a cross section of members to get a reaction and it has been very favorable.

So here's the deal. For a one time payment of \$200.00 US you can request a lifetime membership in the International Miniature Cattle Breeders Society. No dues, just one payment for life. This includes a Certificate of Lifetime Membership and Lifetime Animal Registrations at half price.

## **IMCBS Membership**

The International Miniature Cattle Breeders Society and Registry was established by and for individuals, private and public organizations and governments. It is for those persons and organizations interested in participating with and acquiring knowledge about the various breeds of Miniature Cattle. IMCBS is international in scope and represents every aspect of miniature cattle development, marketing and education. Memberships come from individuals, business organizations, colleges, universities, regulatory agencies and governments. The Miniature Cattle Breeds Registry is the breed registration arm of the society.

## **IMCBS Goals & Mission**

The IMCBS programs and activities are all designed to help meet the objectives you've set for both yourself and your miniature cattle breed. IMCBS purposes, included in our Mission Statement, are to:

*Promote Sales of Miniature Cattle*

*Provide quality and timely needed services*

*Enhance educational and professional growth among breeders and owners*

*Advance the skills and knowledge associated with miniature cattle breeding*

*Facilitate the exchange of ideas and to be a resource for current information*

*Provide educational opportunities*

*Encourage networking to stimulate world trade*

*Recognize superior miniature cattle breeding and outstanding breeding programs*
